Reprint of September 1956 article by Robert Welch, "A Letter to the South on Segregation" which was originally published in Mr. Welch's magazine entitled "One Man's Opinion". Welch argues that the May 17, 1954 U.S. Supreme Court decision on de-segregation was not Constitutional because it revised the 10th and 14th Amendments by fiat and made educational policies subject to federal control rather than the intended state control. Furthermore, Welch maintained that the Plessy...

Vance Smith. Fotheringham's website has been defunct for several years but I have re-created it by converting each webpage into a PDF document and then I combined them all into one file (236 pages)....
